Your Online Store

Every school gets its own store page. Parents order there; we deliver to the home.

How it works

The school sets the specification once — colours, crest, wardrobe, size grade — and then steps out.

01	Your own store page - only your range
02	Parents order and pay there
03	Delivered to the home, not the office

One link, shared once in a circular or on the admission pack.

The office stops

No stock, no cash and no sizing queries pass through the school office.

01	Holding stock - we hold it, not you
02	Taking payment - taken online by us
03	Sizing queries - handled by us on WhatsApp
04	Exchanges - between us and the parent, to the home
05	Mid-year joiners - ordered from the store, any time of year
06	Next year's order - same document, same colourway

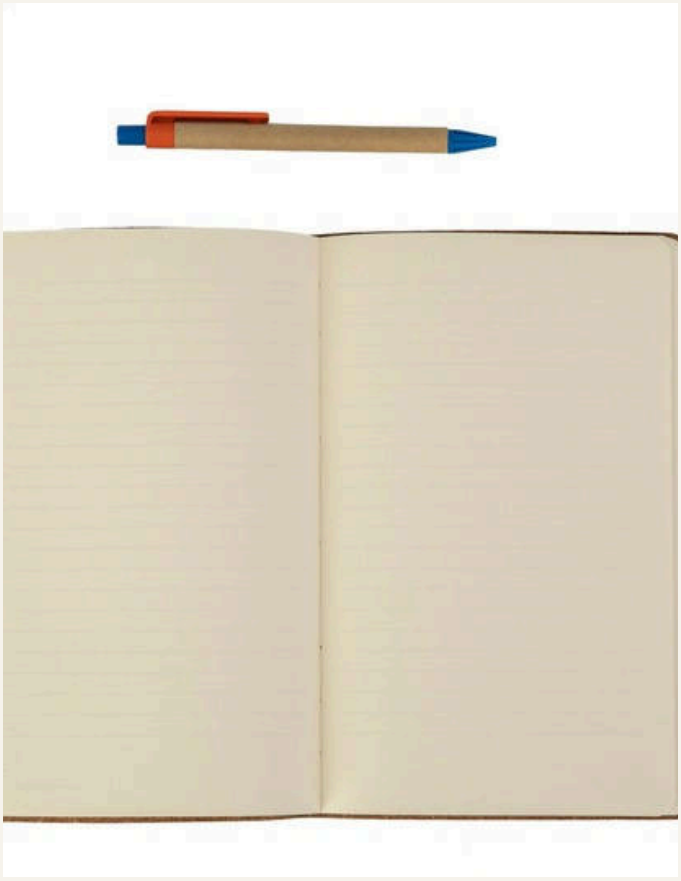

No stock. No cash. No queue at the office.

Store pages go live as each school joins.

Essentials

Supplied alongside your uniform programme, not manufactured.

Printed notebooks and diaries, to your crest

ID cards and lanyards for students and staff

House flags, banners and sashes for sports day and assembly

Uniforms we make.
Essentials we supply.

Student and staff cards carrying your crest and house colours.

- Student cards by year group and section
- Staff and visitor cards
- Lanyards colour-matched to the uniform

Sizes & Fit

Calibrated to your students, not to a standard size run.

- XS (4–5 yrs) to Adult S/M (16+ yrs)
- Chest 24–40 in, height 100 cm and up
- Measurement drive before production

A size chart built from your students.

Pricing

Three levels, chosen by the size and structure of the school.

- Starter — single schools under 100
- Standard — recurring reorders
- District — groups across sites

Quoted on your mix.

Not a standard bundle.

Included

In every programme, at no separate charge.

On-site measurement drive before the first cut

Crest graded at every size, not scaled

Garments sampled from each run, so a reorder matches

Fewer exchanges. Fewer reissues.
